

About our Program

Do you want your child to have a head start on music instruction?

Fun and educational, classes are structured for the early beginner, and incorporate activities to keep little fingers moving! Students are placed in small classes to learn their finger numbers, letter names on the staff, white keys on the piano and proper beginning piano technique.

Piano for Pre-K

Presented by
Centre for Musical Minds

We are kid-tested and parent approved!

1. The kids love coming each week for 45 minutes (35 minutes without parents, 10 with) and exploring the world of music at the piano.
2. All classes are student and content focused so there are no headphones!
3. Our curriculum is designed to instill rhythm, distinguish sound and approach the piano with a sense of pride and exploration.

Students Learn

- Finger numbers
- Piano topography
- Rhythmic pattern recognition
- White key names on keyboard
- Letter names on staff
- Singing and movement
- Correct hand shapes/technique
- Group and solo performance experience
