FAQ

How much do I have to practice?

You don't! Show up weekly to your lesson and you will level up each week. Of course if you want to practice and improve quicker, please do practice at home. The more you practice, the faster you will improve.

What is the cost?

\$39/lesson, and they are individually scheduled so no long term commitment.

How do I sign up?

Go to CentreforMusicalMinds.org under Events, and WeWork. Follow the directions from there. Just 2 min to get signed up!

How long before I sound good?

Right away! At your first lesson, you'll be playing with the pedal and making sense of sounds and patterns. You'll be playing a full song with both hands together by the 3rd lesson.

Can I play music that I choose?

YES! We teach all styles and levels; beginner through advanced.

What do I need to bring to my lessons?

We've designed the lessons at WeWork so that you don't have to remember to bring anything. Of course you are welcome to bring your music so that any notes your teacher gives you show up on your pages. Otherwise, we'll have our iPad on-site so you can literally, just show up.

What method do you use?

We use our own *Musical Minds* method that is designed specifically for adults. It's an accelerated method that includes pop and classical styles.

If I want to purchase a keyboard, what should I look for?

There is a buying guide you can view on our website.
