

CENTRE *for* MUSICAL MINDS

Summer 2022

DID YOU KNOW?

CMM students stay enrolled with us for approximately 6 years. Often longer! We know what works, & summer session is integral to staying connected. Plus, you'll lose your spot for fall if you opt-out of summer. Any teacher or schedule change requests will be prioritized in May for students participating in summer session.

RETENTION

At CMM, we've found that retention drops by about 30% when students don't have lessons periodically in the summer. You lose what you don't use!

WHY SUMMER?

- Flexible scheduling around other camps and vacations
- Perfect balance of rest & musical activities
- Creative options that elevate their music lesson experience

PURPOSE

- Creativity: Not just private lessons!
- Retention: Maintain progress from the academic year
- Development: Build musical experiences in settings outside of a private lesson
